Alpha & Omega PAINTING

A LITTLE CLARITY BEFORE YOU BOOK

Your painting quote checklist

For when your quotes arrive. No measuring, account or form to send back.
Tick each point once it is clear in the written quote. Ask about anything missing.

Contractor / quote: _____ Date: _____

- [ ] **The work included**
  Which rooms and surfaces? Are ceilings, trim and doors included?
- [ ] **Repairs and preparation**
  What damage is included, and what needs a separate assessment?
- [ ] **Paint and finishes**
  Which products, colours and finishes? How is coverage agreed?
- [ ] **Protection and furniture**
  Who moves furniture, and how will floors and belongings be protected?
- [ ] **Access to the property**
  Who arranges parking, keys, equipment or building access?
- [ ] **Timing and disruption**
  When could work start? Which rooms can you use during the work?
- [ ] **The full price**
  Are labour, materials and taxes clear? Are any items allowances or options?
- [ ] **Changes to the work**
  How will extra work be priced and approved before it starts?
- [ ] **Cleanup and completion**
  Is cleanup included? How will you review the finished work?
- [ ] **Warranty and care**
  What written warranty, if any, applies? What care instructions will you get?

A question I want to ask:

Compare what is included as well as the price. This is an optional reference, not a quotation.
